QUARRY COLLECTION

The 'Quarry Collection' brings to you exquisite modern minimalist lamps of natural stone veneer suffused with soft glowing light. Made from authentic natural stone veneers of marble, sandstone, and slate, the original texture, veins, and grains of the source stone are soothing to touch and exude raw elemental beauty.

These lamps possess a captivating charm even when unlit, and when illuminated, they emit an alluring glow that enhances the natural strands and patterns of the stone. Designed to seamlessly blend style and functionality, these contemporary lamps illuminate your home with elegance and evoke a sense of tranquillity in your space.

The Habitat Collection

The Habitat Collection is inspired by the jungle. It embodies the great natural beauty of the wilderness and seeks to bring the raw, striking charm of flora and fauna into your home.

All pieces are conversation starters for you and your guests. The intent is to bring a smile to the face when you look at a piece. A blend of handcrafted enigma with machine finesse, this is the first thematic collection launched by **Name Place Animal Thing**.

Like all products made by Name Place Animal Thing, a primary purpose of the collection is to create FUNctional products – adding fun and quirkiness to functional products of daily need.

The Habitat Collection is designed by Priyam Doshi.
