QUARRY COLLECTION

The 'Quarry Collection' brings to you exquisite modern minimalist lamps of natural stone sheet suffused with soft glowing light. Made from authentic thin layered natural stone sheets of marble, sandstone, and slate extracted from Indian quarries, the original texture, veins, and grains of the source stone are soothing to touch and exude raw elemental beauty.

These lamps possess a captivating charm even when unlit, and when illuminated, they emit an alluring glow that enhances the natural strands and patterns of the stone. Designed to seamlessly blend style and functionality, these contemporary lamps illuminate your home with elegance and evoke a sense of tranquillity in your space.
